

THP-1

Strain Information

Cat. NO.	NM-B06
Cell Line	THP-1
Strain State	Validation of tumorigenic capacity completed
Model	Human monocyte lymphoma cell line
Description	*Literature published using this strain should indicate: THP-1 cell line (Cat. NO. NM-B06) was purchased from Shanghai Model Organisms Center, Inc..

Validation Data

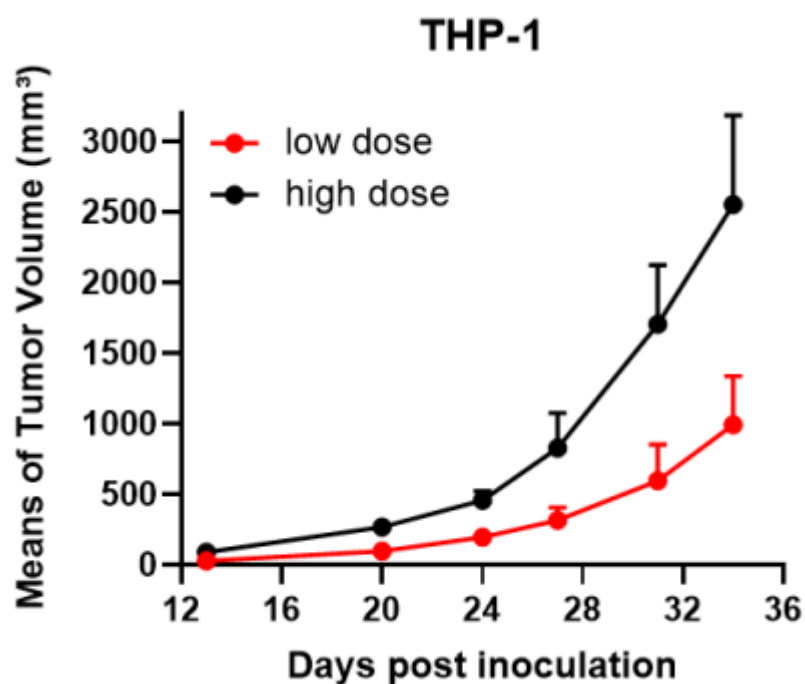

Figure 2. Tumor growth curve of THP-1 xenograft model (n=4)

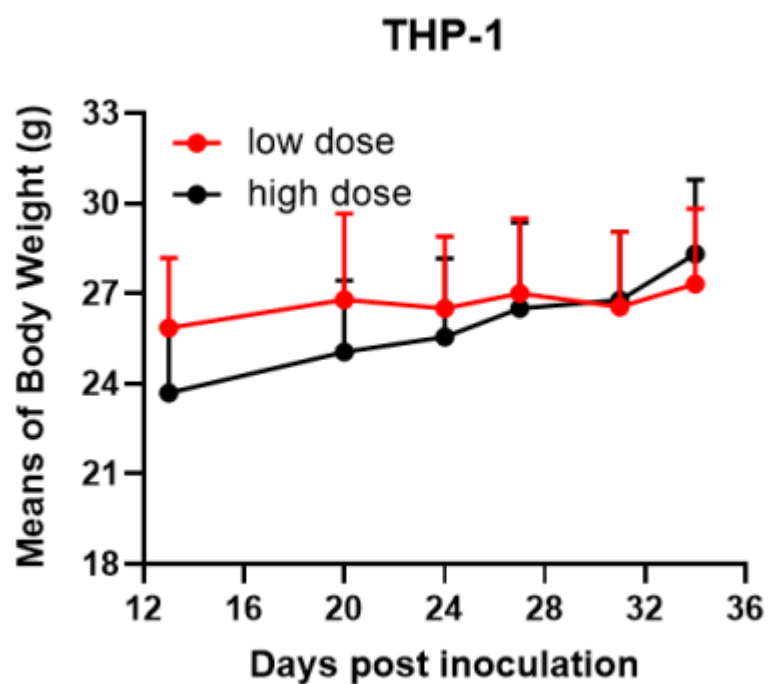

Figure 3. Body weight change of THP-1 xenograft model (n=4)

*Wildtype cell lines are not for sale, and only applied to construction of tumor bearing mice and i n-vivo efficacy studies.
